Choose Your Impact!

We love our Sponsors to share in the excitement of changing kids' lives!

Choose one **Legacy Fund** below that follows your passion and join us in making an impactful difference!

Arts and Technology

From a Sun Prairie Mobile Arts Cart to providing cutting edge equipment for kids to learn many aspects of the digital marketing and music trades, the [Exchange Club/Lee Buske Fund](#) and the [Twedell Family Fund](#) have made profound strides in what all kids in our community can access for free!

Business, Entrepreneurship and Economics

Through the [George Conom Fund](#) and [Nancy Everson Fund](#), SPEF is proud to keep financial literacy programs like Reality Rocks, and Entrepreneur programs like CEOs of Tomorrow alive and growing. From George laying the initial foundation to Nancy facilitating critical community engagement through thousands of hours of volunteering, countless business literacy programs were born. Imagine what your support could create and teach kids entering the workforce!

Early Childhood and Literacy Initiatives

The [Vicki Coulthard Fund](#) and [Patricia Downing Fund](#) both memorialize and honor the passion these women had for learning. Whether focusing on Vicki's passion for young adult literacy or Patricia's passion for the power of early learning through play, these Legacy Funds have provided thousands of books and hours of impactful play.

Helping Disadvantaged Youth

The [John Englesby Fund](#) and [Food for Thought Fund](#) were born out of a deep passion to help kids who face challenges that prevent them from reaching their full potential. By supporting these funds, you join a 3rd grade teacher and a farmer who want to ensure that all kids are seen and fed.

Mental Health and Experiential Learning

From memorializing and sharing one child's battle with mental health to providing direct access to experts, the [Education for All Fund](#) and the [Findorff Speaker Series](#) work to provide valuable insight to kids facing difficult problems. Best of all, they focus on programs that show the power of purpose and belonging.
